

Chelford Together Newsletter

23rd March 2020

As you may realise Chelford Together has had to cancel all its social events until further notice. It seems ironic that the reason we exist: to prevent loneliness and get people together out of their homes is just not possible. We want you to stay safe and look after yourselves and look forward to resuming events and activities as soon as possible. I have put together this information to try to update you on all that is happening locally during the Corona Virus outbreak. I hope you find it useful!

Kind regards and take care

David, Secretary Chelford Together

BUG OFF!

It's amazing how our community of Chelford has really stepped in to help during these difficult times. A group of younger people are offering support to different areas of the village to spread the work load. You should have got a card through your door with your local volunteer who is willing to help if you are self isolating with things like shopping, a friendly phone call, posting mail, etc
PLEASE only use the service if you can't get out, or don't have a family member who can help you. This means that the most vulnerable and those in greatest need will get the help they need

LITTLE LIBRARY CLOSED UNTIL FURTHER NOTICE

Following advice from the Little Free Library Organisation we have decided to close the Library to stop the spread of infection

TIPS

- Think of others..don't panic buy or stockpile, it's selfish and lots in our community can't afford to do more than a weeks shopping.
- Can your family help more, to reduce the strain on volunteers?
- Keep in touch with your neighbours..phone them , email or Skype
- Use local services E.g.Sheldons Diary (01565 634 509) will deliver food and household items as well as milk and papers
- The Edgerton Arms is offering a delivery

- service for tasty food 10am – 9pm 861366
- Use your local shops like Boons butchers and Londis with "Bug Off" providing delivery if needed.
- Why not buy some flowers from Myke Caulton Floral Couture to cheer someone up! You don't even have to visit the shop, phone and they'll deliver 01625 861482

Triangle Garden replanted!

The garden at the corner of Elmstead Road & Dixon Drive has been replanted with new plants, grasses and sculptures. Mike Jehan designed and purchased the plants in December, before he passed away. The garden is dedicated to Mikes contribution and commitment to the community over many years

Work will start soon on the Seascape Garden!

With the warmer weather coming we are planning to start on the seascape garden soon. This area will have seating, the planted boat, a new Beach Hut Little Free Library and plantings. Volunteers will be needed to help (even if on rota with social distancing!) Watch out for details

WELCOME AND THANK YOU!

Can we take this opportunity to welcome our new neighbours in the David Wilson Development, we look forward to having a massive party when the crisis is over!

CHELFORD COMMUNITY HUB

The Hub is hoping that work can commence shortly for the extensions and improvements after sorting out a lease from Peaks and Plains.

Coughs and Sneezes Spread Diseases

Please follow the latest advice regarding social isolation and social distancing. I was truly disgusted a few days ago to witness someone spitting in our neighbourhood, which isn't acceptable in normal circumstances, but in these critical times is completely unacceptable
