

VISION AND OBJECTIVES

Do you agree with the suggested draft outline Vision and Objectives, which we have drawn up after analysing the questionnaires? These will be refined with more detail, as we receive further feedback from you during the planning process.

‘In 2030, Chelford will be a thriving, vibrant village with easy access to the surrounding countryside. Well located, high quality development of an appropriate scale will contribute to a balanced, mixed and sustainable community. There will be improved facilities and infrastructure for the benefit of all, whilst the special village character of Chelford will have been retained and enhanced.’

Objectives

- To maintain the village character of Chelford
- To ensure that any new development is well designed; of a scale and location appropriate to maintaining the character of the village; and contributes to a balanced community
- To ensure that Chelford is a thriving and vibrant village and enhances the rural economy
- To improve the local infrastructure
- To protect, enhance and increase community facilities
- To protect and enhance the natural environment and ensure easy access to the countryside
